Things are **HEATING** up with our **NEW** Clay Graphite Crucibles!

#1
1-2Kg

CAS-340.10
O.D. 3-3/4"H x 3-1/8"Dia.

#4
4-6Kg

CAS-340.14
O.D. 6"H x 4-3/4"Dia.

#3
3-4Kg

CAS-340.12
O.D. 4-3/4"H x 4-1/8"Dia.

Pen not included

- Made of natural graphite and **silicon carbide** bonded with fine clay.
- Designed for use with Fuel/Gas and Medium/High Heat induction furnaces as well as direct heat or open flame.
- Consistency when melting ferrous, non-ferrous metals such as gold, silver, copper, aluminum, zinc, brass, etc.
- Good thermal conductivity keeps metal from cooling too rapidly.
- Resistant to high heat.
- Maximum temperature: 2,912°F

Stock #	Description	MSRP
CAS-340.10	Clay - Graphite Crucible #1 1-2Kg	\$13.95
CAS-340.12	Clay - Graphite Crucible #3 3-4Kg	\$19.95
CAS-340.14	Clay - Graphite Crucible #4 4-6Kg	\$24.95
