EURO TOOL – Your Source for Success®

## NEW Book with DVD!

### STAMPED METAL JEWELRY

by Lisa Niven Kelly

For jewelry artists of all skill levels, "Stamped Metal Jewelry" offers all the techniques and design inspiration needed to create unique, stunning necklaces, beads, charms, bracelets, cuffs, and earrings. Written by award-winning jewelry artist and founder of Beaducation.com, Lisa Niven Kelly teaches the reader metal-stamping and texturing step-by-step photography.

Following along with the 19 fun and inspiring jewelry projects by the author as well as guest designers. As an added bonus, a DVD is included with detailed demonstrations to help you master the finer points of stamping on metal. 136 pages.

PUB-210.00

DVD included!

## METAL BLANKS

You asked for a thicker metal for your designs...we answered. Our 18 gauge copper blanks are available in several shapes and sizes including bracelet blanks. **Great for enameling too!**

See all of our shapes and sizes at:

[www.EUROTOOL.COM](http://www.eurotool.com)

Bracelet blanks  
now available  
in two sizes!

## You want THICK? 18 Gauge is here!
