EURO TOOL, Inc. - Your Source for Success®

Good Things Come in Pairs

XURON™
CORP.

XURON 2193F HARD WIRE CUTTER with CLAMPING FIXTURE

- Self-adjusting clamping fixture holds the wire perpendicular to the jaws.
- Simplifies the cutting process while allowing for flat cuts on both the cut and cut-off sides of the wire.
- Designed for cutting memory wire, silver, gold and copper wire up to 14 gauge.
- Length 5-1/4 inches (135mm).

XURON 9100F MICROSHEAR with RETAINER

The next generation Micro-Shear Flush Cutter with Wire Retaining Clip is manufactured from tough alloy steel with state-of-the-art heat treatment and precise CNC grinding creating the ultimate shear cutter.

- Unique wire retaining clip holds the cut wire to keep it from flying across the room.
- Designed for use on soft wire up to 16 gauge.
- Comfort grip handles and gentle return springs assure hours of fatigue-free use.
- Length 5 inches (125mm).
